Actually Dan. Laura just brought this to my attention. The second page of this letter for bell clarifies everything. We especially wanted to draw attention to the the effort to group prohibiting and instructive language in the last part about burrow baiting further than 100 ft.

All,

RD will soon receive requests to revise labels to comply with the March 14, 2012, memorandum, in PDF format, modifying the 2008 RED.

Consequently, I put together a summary, in a WORD document, that would serve my need to communicate clearly the required, revised label changes.

Please look it over and determine if any changes are needed. Then I will send around a revised version.

Thank You,
